# About FortisBC

FortisBC is an investor owned natural gas and electric utility serving 1.1 million customers.

FortisBC operates about 49,000 km's of natural gas lines and over 7,200 km's of power lines.

# What is 30BY30?

It is our target to reduce our customers' GHG emissions by **30%** overall by the year **2030**

# Four pillars of our Clean Growth Pathway

**Energy  
efficiency**

**Renewable  
gas & hydrogen**

**Zero and  
low carbon  
transportation**

**LNG for marine  
fueling and  
global export**

# Workforce Accommodation Planning

## Workforce Accommodation Strategy

- Following discussions with the District of Squamish and other community leaders, it was recommended that FortisBC look into the possibility of a workcamp to avoid further pressure on the Squamish housing market

## Work Camp Contractor selection:

- Request for Expression of Interest sent to market in April
- Community Table #3 - input will inform Request For Proposal

Worker Orientation to include Worker Code of Conduct and Cultural Awareness

# Community Engagement

- Since January:
  - Business-to-Business Events
    - Tunnel – local and Indigenous contractors in January
    - Pipeline – local and Indigenous contractors in March
  - Meetings with Various Stakeholders including:
    - MP Patrick Weiler
    - Squamish Terminals
    - Indigenous Life Sport Academy
    - Squamish Windsport Society
- What's in Store:
  - Community Table this summer
  - Public Information Sessions in the Fall
  - B2B for local and Indigenous contracts for the Facilities

# Thank you
